The screenshot shows the phpMyAdmin web interface. The left sidebar displays a database hierarchy with 'smartfinance' selected. The main panel shows the 'Table structure' view for the 'users' table. The table has four columns: 'id' (int(11), AUTO_INCREMENT, PRIMARY), 'nama' (varchar(100)), 'email' (varchar(100)), and 'password' (varchar(255)). Below the table structure, there are sections for 'Indexes' and 'Partitions'. The 'Indexes' section shows a PRIMARY index on the 'id' column. The 'Partitions' section is currently empty.
